

Dutch Game Theory Symposium

On **Thursday April 2, 2026**, the **Dutch Game Theory Symposium** is taking place in Tilburg! This one-day symposium aims to bring together game theory researchers from across the Netherlands, with a special emphasis on early-career researchers and PhD-students.

The program includes a keynote presentation by **Péter Csóka**, research presentations by (young) researchers and PhD-students from various universities, and presentations of interdisciplinary research projects. More information and a preliminary program is available on the website:

<https://www.tilburguniversity.edu/current/events/dutch-game-theory-symposium>

Registration is now open and closes on Friday March 6, 2026. So, register yourself and join the event!

If you have any questions about this event, do not hesitate to contact Jop Schouten (j.schouten@tilburguniversity.edu).
