CALL FOR PAPERS
11th International Workshop on
Retrial Queues and Related Topics
(WRQ11)

August 31 - September 2, 2016, Amsterdam, Netherlands

<http://www.tinbergen.nl/conference/11th-international-workshop-retrial-queues-11th-wrq/>

This meeting will be the 11th in a series of workshops aiming to promote research and encourage interaction in the community of retrial queues and related topics such as customer impatience, abandonment, individual routing and preference-based rational choice.

We invite Applied Probabilists, Operations Researchers, Engineers, Computer Scientists and Statisticians with a main or side interest in queueing to contribute to WRQ11. The scope of the conference includes both theoretical papers with advances in mathematical techniques that can be useful for analyzing all types of models with an active role for the customers, as well as applications of these type of models. More specifically, the topics of WRQ11 include but are not limited to analytical innovations, computational methods, optimization, control, statistical inference and applications.

SUBMISSIONS

Indicate your interest in presenting a paper by submitting a title and a 1-page abstract by May 16, 2016 by email to

r.d.nobel@vu.nl

Authors will be notified of the acceptance or not of their paper by May 31, 2016. At least one author of each accepted paper is expected to participate in the workshop.

WRQ11 ORGANIZING COMMITTEE

General Chairs:

Rein Nobel (VU University, Amsterdam)

Henk Tijms (VU University, Amsterdam / Tinbergen Institute)

Program Chairs

Sindo Nunez Queija (University of Amsterdam)

Ad Ridder (VU University, Amsterdam / Tinbergen Institute)
