

Workshop on Applications of Semidefinite Optimization at CWI

We are organizing the 5th SDP Day, a workshop day on Applications of Semidefinite Optimization, at CWI on June 30, 2016. The workshop day will feature lectures by Etienne de Klerk (Tilburg and Delft), Frank Permenter (MIT), Sven Polak (Amsterdam), Bart Litjens (Amsterdam), Roy Schwartz (Technion), and Shashwat Garg (Eindhoven).

See details at http://homepages.cwi.nl/~monique/SDP_Day/index.html

You are welcome to participate and to forward this advertisement to anyone interested.

Participation is free of charge but please register in advance (before Monday 27 June) by sending an email to Susanne van Dam (susanne@cwil.nl), so that we can plan the catering.

Looking forward to seeing you then,
best wishes,
Monique Laurent
(on behalf of the organizers)
