

## Faculty Position in Operations and Supply Chain Management

Rotterdam School of Management (RSM), Erasmus University, invites applications for an open-rank faculty position in the area of Supply Chain Management.

We invite candidates with an appreciation for academic research linked to real-world problems to create impact both to the academic community and the business community. We seek candidates with a demonstrated potential for excellence in research and teaching. Applicants should have a Ph.D. in Supply Chain Management, Procurement, Operations Management, or a closely related field. We are interested in candidates with an expertise in analytical modelling and/or empirical research methods. The research of the ideal candidate complements current research in our group in the areas of transportation and logistics, supply chain coordination and contracting, material handling, port operations, purchasing and supply management, behavioural operations, sustainable operations and closed-loop supply chains, retail operations and healthcare.

### About the School

The Rotterdam School of Management, Erasmus University, located in Rotterdam, The Netherlands, is a top-ranked international business school renowned for its ground-breaking research in sustainable business practice and for the development of future global business leaders. Offering an array of bachelors, masters, doctoral, MBA and executive education programs, RSM is consistently ranked amongst the top 10 business schools in Europe; it has a research ranking of 4th in Europe, with its full-time and executive MBA programs ranked in the top 30 world-wide, and its international CEMS MSc Program ranked 2nd world-wide.

### Research Environment

The position is in the department of Technology & Operations Management (section SCM, Supply Chain Management). Within this department, we have a strong tradition in conducting research that is inspired by business challenges and is often carried out in close cooperation with companies. The SCM Section of the Department of Technology & Operations Management at Rotterdam School of Management offers a high profile MSc Program in Supply Chain Management, one of the world's best ranked master programs in Supply Chain Management. The SCM section has a large, young, and highly international faculty.

### Rotterdam

Rotterdam is the second-largest city in the Netherlands and has Europe's biggest port. It is vibrantly international, accommodating some 600,000 people (1.2 million in the greater metropolitan area) from 160 different countries. Its landscape is modern, with high rising towers and creative architecture. In addition to being an important business and logistics hub, the city also has an extensive cultural, restaurant, and entertainment scene. Rotterdam is the gateway to Europe, as Paris, London, Brussels, Berlin, and many other great destinations can all be reached in a few hours. The capital city of Amsterdam is less than an

hour away by train or car. The New York Times ranked the city of Rotterdam on number 10 of the top 52 places to go in 2014!

Salaries include attractive benefits and opportunities for extra income are available. Substantial tax benefits apply to non-Dutch citizens.

### How to Apply

The application deadline is December 1, 2016, but applications will continue to be accepted until the position is filled. Applications received before November 4, 2016 will be considered for interviews at the INFORMS conference in Nashville. Applicants should send an electronic copy of their letter of interest, curriculum vitae, a research statement, a teaching statement, two recent (working) papers and names of three referees to Carmen Meesters-Mirasol (e-mail: [cmeesters@rsm.nl](mailto:cmeesters@rsm.nl)).

Screening will start immediately and continue until the positions are filled.

Erasmus University is an equal opportunity employer committed to building a culturally diverse intellectual community.
